

The color of your skin

The color of your skin, the color of your eyes.
The smile beyond them
is what makes me love you, is what makes me cry,
makes me cry.

The color of your skin, the color of your eyes.
The smile beyond them
is what makes me love you, is what makes me cry,
makes me cry.

The color of your skin the color of your eyes.
The smile beyond them is what makes me love you,
is what makes me believe I could fly,
I could fly.

Your skin, your eyes, and your smile.

The color of your skin, the color of your eyes.
The smile beyond them is what makes me love you,
after time goes bye,
time goes bye,
goes bye ...
